FOOD FIRSTS

How much do you know about the history of some of your favorite foods? Do you know when people in England started cooking curry dishes? Do you know in which country pizzas or hamburgers were first made? The facts might surprise you.

Many people think the English found out about curry from people in India in the 1600s. In reality, wealthy English people were eating dishes made with curry spices hundreds of years before British ships traveled to India. Cooks of wealthy English families during the time of King Richard I were making curry dishes, and in fact, the word "curry" can be found in an English language cookbook as far back as 1377.

As for pizza, this dish was probably first made in Persia (what is now Iran). The Persians were eating round, flat bread with cheese in the 500s. That was nearly 1,000 years before pizza caught on in Naples, Italy!

Finally, let's look at the truth behind hamburgers. Many people think hamburgers are an American food. However, according to some stories, hamburgers came from Hamburg, Germany. A German named Otto Kuasw created the first hamburger in 1891. Four years later, German sailors introduced hamburgers to Americans.

Where foods come from isn't nearly as important as how they taste; as long as they are delicious! So, go get some of your favorite food and dig in.

BRAZILIAN SAMBA!

Samba is one of Brazil's most popular music and dance styles. In many ways, it is a symbol of the country itself. In the words of one of modern samba's main artists, Seu Jorge, "Samba is our truth, our peculiarity... and our flag." When people today hear the word samba, they often think of the festival of Carnival and the city of Rio de Janeiro. But there are many different types of samba, and these styles differ throughout Brazil.

Samba Reggae

Today, one of the most popular types of samba comes from Bahia, a state in the eastern part of the country. It's called samba reggae. From the 16th to 18th centuries, over three million Africans were brought to Brazil to work as slaves. Today in Bahia, 80 percent of the population is black.

Samba from this region of Brazil is heavily influenced by African rhythms. Modern samba reggae is a mix of Rio samba, African drumbeats, and Jamaican reggae. ***It*** is a bit slower than Rio samba, and is usually performed in large groups—sometimes with over 200 drums playing at one time!

Bahia's most famous drumming group is Olodum. Many say the group ***invented*** the samba reggae sound. But Olodum is not only a musical group. Its members have also created local organizations to help young people and the poor. Every year in the city of Salvador in Bahia, the lively sounds of samba reggae fill the streets during Carnival—one of the world's greatest parties.
